PROPERTY DESCRIPTION

142 Robert Smalls Parkway presents a rare opportunity to develop Phase 2 of a multi-phase project anchored by the recently completed Harbor Freight (Phase 1). The subject site consists of a ±1.92-acre parcel with prominent frontage along Robert Smalls Parkway (Hwy 170). Zoned T5-UC / RMX within the City of Beaufort, the property allows for a wide range of development possibilities, including a freestanding QSR, multi-tenant retail with drive-thru capability, or mixed-use development. Conceptual plans and subdivision surveys are available in the documents tab. The site benefits from proximity to power strip centers and multifamily developments, as well as traffic counts of approximately 25,000 AADT, making it a premier retail and/or mixed-use development opportunity.

LOCATION DESCRIPTION

Situated along Beaufort County's Hwy 170, a primary gateway connecting Beaufort, Port Royal, Bluffton/Hilton Head, and Savannah, this rapidly growing corridor continues to see significant retail reinvestment and residential expansion. The area is anchored by major developments such as Beaufort Station, a 200,000+ SF power center featuring national retailers including Hobby Lobby, and the redeveloped Beaufort Plaza anchored by Publix, creating strong commercial synergy and daily traffic. Additional nearby development includes a new 50-unit townhome community by Tri Pointe Homes, further boosting residential density and local spending power. With a 5-mile population exceeding 30,000 residents, average household incomes over \$85,000, traffic counts ranging from 30,000-40,000 VPD, and ongoing infrastructure investment, Hwy 170 has emerged as Beaufort County's most dynamic and high-demand growth corridor for retail and service-based users.
